

Europe Code week 4 2020

ICS Teodoro Ciresola
Milan - Italy

L'ICS Teodoro Ciresola di Milano partecipa alla settimana europea del Coding con quattro proposte di attività unplugged.

Where is the mouse?

Lun 19 Ott 2020 14:30

Pupils take turns moving in a grid/chessboard on the floor, looking for the mouse. They are guided by the directions given by their classmates. The route sequence will be planned on the floor previously, with the help of some flashcards.

Searching Elmer in the jungle

Gio 15 Ott 2020 09:00

Pupils will discover the character through an unplugged activity, searching him in a path created on a chessboard, and they will tell the story of Elmer.

Field trip to the Moon

Lun 19 Ott 2020 10:30

A field trip to the Moon Pupils will plan a field trip to the Moon through an unplugged activity. Pretending their playground is the solar system, they will describe a path starting from somewhere in the solar system to arrive to the Moon.

Looking for Timothy

Mer 14 Ott 2020 10:30

Pupils will look for Timothy, who is a character they knew when they started the first grade, through an unplugged activity. This is because they always ask the teachers for having news about him. Children, previously will plan a path to play in the playground to find Timothy.
