

The school I wish I had!

ICS T. Ciresola
Milan - Italy

Docenti referenti del progetto: Maria Pia Fabbri e Silvana Daniele

The School I wish I had!

The project idea comes from the need to develop pupils' critical thinking in order to let them acquire active citizenship skills. The proposal is aimed at giving pupils an active role in building their thought, fostering and eliciting their creativity as well as getting in touch and sharing ideas and opinions with the project partners. Each partner class will explore its school to acquire a better knowledge of it. All results will be uploaded in the TwinSpace to give the partners the opportunity to share information about their schools. Next step will be the description of a typical school day by the pupils of every single partner school that will generate comparisons and analysis on specific areas of the school life. Each experience and contribution given by the partners is focused on developing new perspectives aimed to generate key ideas about the main topic "The school I wish I had".

About the project

Osnovna Škola Josipa Badalića, Graberje Ivaničko, Croatia (Branka and Dejan)

Ecole élémentaire Cité Michelis 2, Marseille, France (Célia)

Dear friends,

we're going through a hard time, but we're sure that it's going to be alright!

We miss you all and, thinking of you, we've prepared a PPT to share with you our thoughts and feelings, so that we can feel closer even if physically so far.

Click on this link, please!

Thinking of you!

A big hug! Your Italian friends from Milan

All together, we have been a great team united in diversity, with great goals to achieve, and we have succeeded.

United in diversity!

Thank you so much for being our partners!

Your Italian friends, from Milan

All the partner pupils worked hard and very well to create the collaborative e-book "*The school of my dreams*".

In the end, all of them were successful. And this is the wonderful result of their work.

Al nostro progetto europeo ***The school I wish I had!*** sono stati attribuiti due Quality Label dall'Unità Nazionale eTwinning Italia.

Un meritato riconoscimento per il lavoro svolto dagli alunni delle due classi 5 A dei plessi di via Venini e viale Brianza che, nonostante il lockdown, sono stati perseveranti nel portare a termine il progetto in collaborazione con i partner europei.

Great results by great pupils!

So proud to be awarded the Quality Labels!
